We will be traversing a specific country each week and follow the footsteps of different artists and architects from the ancient past and learn how their inspiration has influenced and impacted our modern world. We'll dive into the stories of brilliant scientists whose curiosity changed the world – and uncover how their ideas grew into inventions that quietly power our everyday lives! From the castles of Kings and Queens to the lands that were inhabited by All, students will peer into the windows of time to experience and partake in the adventures of those that came before us! Come and join our world travelers club at Summer Art Camp!

Students will create drawings, paintings, and collages (mixed multimedia). Students will also produce a stop motion film! Each student will be guided through individual and collaborative group projects!

We will be partaking in Water Wednesdays! Make sure to apply sunscreen before you arrive and bring an extra change of clothes.

EPISCOPAL SCHOOL

Our Mission

We exist to provide our students with a firm foundation for life and learning in a safe environment that meets the needs of each student.

- ◆ **Challenging Academics**
 - ◆ **Critical Thinking**
 - ◆ **Character Building**
- ◆ **Creative Expression Christian Values**

In 1993, our School was founded as an outreach of the Church of the Good Shepherd with a simple goal: to enrich the lives of children of all faiths. It was a humble start, and yet by 1997, we had grown into a fully accredited Elementary School. A modern Art, Music and Science wing was added in 2012. You cannot walk onto our campus without immediately feeling a sense of community. You will find Staff, Parents and Volunteers working together toward a common goal. Please schedule a tour and see for yourself!

We serve students in Early Learning (ages 2 and 3 years old), Pre-Kindergarten, and Kindergarten through Fifth Grade.
